

# **eStatements**

## ***Provides the Solution.***

**Problem:** Paper statements sitting in your mailbox outside your home may be a potential for fraud.

**Solution:** eStatements are protected by multiple layers of online security.

**Problem:** Paper statements take several days to be delivered after the statement cut-off date.

**Solution:** eStatements are delivered the day after the statement cut-off date; you can see your account balance sooner.

**Problem:** Your filing cabinets are overflowing and when trying to retrieve them from storage, you've noticed that some statements are lost.

**Solution:** eStatements are stored for 18 months electronically, they take up no space, and are sorted by date - making retrieval easy.

**Problem:** You may think it is time consuming to sign-up for eStatements.

**Solution:** Enrollment is a breeze! Bank Online users simply click "eStatements" and follow the steps, non-Bank Online users must enroll in Bank Online first, but the simple process takes only a few minutes.

**Problem:** You are on vacation and you want to see your statement balance.

**Solution:** eStatements can be accessed anywhere with Internet connection.

**Problem:** You don't have a printer, so you think you need to receive the hard copy in the mail.

**Solution:** eStatements are stored for 18 months electronically with secure online archiving. There is no need to print them! You can refer to eStatements as often as you like. Plus, they take up no space.

**Problem:** You need a duplicate statement but don't want to pay the fee.

**Solution:** eStatements are free!

**Problem:** Bank Online only shows current and previous statement transactions. You need to go back further to record some checks in your check register.

**Solution:** eStatements can be viewed as far back as 18 months.
