

## Getting Started

Enjoy the convenience of our redesigned Business Bank Online site

### First Time Log-In

1. Go to [www.snbt.com](http://www.snbt.com)
2. Choose Business Bank Online from the drop down under Login to Your Account.

3. Enter your Access ID then click Log In

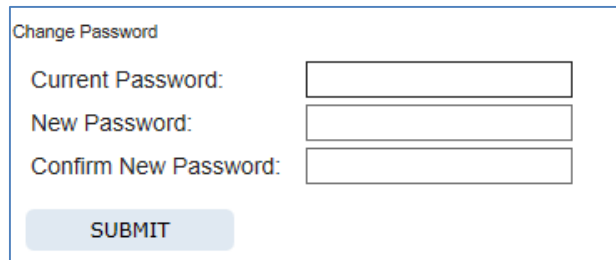

-your Access ID will be sent to you via email from customer support. Your Access ID is case sensitive.

4. Enter your Password then click Log In

-your Password will be sent to you via email from customer support. Your password is case sensitive.

5. Change password. Enter the password that was emailed to you for your current password and create a new password.

-Passwords must be 8-17 characters and combination of numbers, letters and special characters, for example #, @, \*. Passwords must contain at least one uppercase, one lowercase, one numeric and one special character.

6. Verify your email address and answer 3 challenge questions.

-To prevent being asked these security questions when you log in, choose: **This is a Personal Computer. Register it.** then click submit.
